

ANGEL Learning Management Suite

SIMPLY POWERFUL TEACHING & LEARNING

The ANGEL Learning Management Suite (LMS) offers a complete suite of simple yet powerful online teaching and learning tools. ANGEL's balance of easy-to-use features and powerful capabilities facilitates increased adoption as it empowers educational outcomes.

This new symmetry of simplicity, flexibility and powerful features is unique in the industry, providing both novice and power users a

flexible enterprise environment that suits their individual needs and teaching and learning styles. ANGEL quickly and easily turns the wealth of LMS data into results by simplifying and automating data analysis - giving you numerous ways to efficiently respond automatically. You can easily personalize learning and maximize pedagogical creativity with the system's flexibility and openness to evolve with technology.

2006 CODIE AWARD WINNER

Winner of the 2006 Codie award for best postsecondary course management solution, ANGEL LMS rose from a record number of nominations for the Software and Information Industry Association (SIIA) Codie Awards which honor the "best-of-the-best" in the software and information industries.

ANGEL LMS IS:

- **Personal.** ANGEL personalizes learning with conditional content release, personalizes the learning environment with topic-based templates (or you can easily create your own) and personalizes communication with students simply and automatically. Synchronous communication tools included in ANGEL make the learning experience even more personal.
- **Open.** ANGEL's flexibility makes institution-specific customizations and administration easy – ANGEL is the only LMS to provide customers with our database schema.
- **Actionable.** ANGEL anticipates teacher and learner needs and preassembles information for immediate impact.

TOTAL COMMITMENT

ANGEL Learning's commitment to your success extends beyond our software across the spectrum of ANGEL services.

- **Award-Winning Support**
- **Implementation Services**
- **Education and Training**
- **Application Hosting**
- **End User Help Desk Support**
- **Technical Consulting**

As you work with the ANGEL team through every phase of your ANGEL implementation, you'll find ANGEL Learning is a dedicated partner committed to your success.

"Factoring MiCTA's endorsement of ANGEL as a Standalone LMS Solution into the Kirtland Community College decision to adopt ANGEL saved the college time, staffing and money. MiCTA's very thorough RFP process and detailed evaluations of 13 LMS gave us confidence in ANGEL. And, we are very happy with our ANGEL adoption. ANGEL has so many more features than our old LMS, and we are very pleased with their response time for technical support issues."

Mark Burger
eServices Director
Kirtland Community College

ANGEL ePORTFOLIO

Student-centered and institution-focused, ANGEL ePortfolio's flexibility and ease of use encourage student participation and promote broad adoption. Powerful assessment and reporting capabilities address institutional needs for authenticated learning outcomes data to meet rapidly evolving accreditation demands. Integrate seamlessly with ANGEL LMS or adopt ANGEL ePortfolio as a standalone, ANGEL's inherent flexibility eases system administration and allows you to extract the data you need in the formats you require.
